CINZ

Conventions and Incentives New Zealand (CINZ) is a membership-based organisation that exists to create and support increased business tourism, including conventions, meetings and incentives in New Zealand.

CINZ actively markets New Zealand as a business events destination and provides assistance, valuable information and real business opportunities to our Members.

CINZ is your association and it exists to help you succeed. Established in 1984 as a fully-incorporated not-for-profit society, CINZ today represents and partners with hundreds of New Zealand convention and incentive (C&I) industry professionals and companies. It also has strategic relationships with Tourism New Zealand and Air New Zealand.

Our Members – who are the heart of our organisation – include hotels and other accommodation providers, convention bureaux, conference venues, attractions and activities, Professional Conference Organisers (PCOs) and specialist industry product and service providers.

CINZ can also offer you valuable networking opportunities: targeted marketing channels through which you can promote your business, access to industry research and education, governmental advocacy for the betterment of the entire industry, and more.

ABOUT THE INDUSTRY

Every year, tens of thousands of delegates attend conferences, conventions, incentive events and meetings around New Zealand, contributing an estimated \$1 billion to our nation's GDP.

Conference business can be split into two source markets—international and domestic. International conference delegates

typically spend more than domestic delegates; spend longer in the event destination; and often tour the country, incorporating pre and post travel with their family members. Australian delegates account for around 60% of our international arrivals and for this reason CINZ has a dedicated Australian Team located in Sydney.

The majority of New Zealand's C&I business comes from domestic sources. These conferences and meetings are a mix of corporate companies, associations and government agencies. The business is generally booked to take place in the shoulder or low tourism season and outside school holidays, providing a real opportunity for operators to tap into this lucrative market.

The CINZ Vision

CINZ will take a lead role to increase New Zealand convention and meeting activity from international and domestic sources, for the benefit of its membership, principal stakeholders and the New Zealand economy.

CINZ is the industry voice for the conventions and incentive sectors of the New Zealand industry and provides opportunities for professional development, accreditation and education for those engaged in the sector.

WHY SHOULD YOU JOIN CINZ?

If you are interested in generating business opportunities within the New Zealand conference, meetings and travel incentive industry, becoming a CINZ Member will benefit you.

Only CINZ Members have access to CINZ activities including exhibiting at New Zealand's premier tradeshow MEETINGS and advertising in the CINZ Annual Event Planners' Guide.

CINZ provides an in-depth understanding of the convention and incentive industry and is an unparalleled source of information regarding the sector. As a CINZ Member, you will have access to this wealth of information.

MARKETING

Our Australian-based team are renowned for their knowledge and ability to connect CINZ Members with Clients and are there to support our Platinum and Gold Members in the market.

See our CINZ Membership Benefits Table for more information.

A significant amount of New Zealand's C&I business comes from domestic sources. These conferences and meetings are a mix of corporate, association and government - the majority of which are corporate. The main centres of Auckland, Wellington, Christchurch, Hamilton, Dunedin, Rotorua and Queenstown host most of New Zealand's conferences.

However, CINZ takes an active part in promoting all of the diverse regions of our country to ensure regional growth. Connect with CINZ and you will connect with the organisers of these conferences and meetings to get your slice of the business. With meetings generally taking place in the shoulder or low season, there exists a real opportunity for tourism operators to tap into this market.

BUSINESS NETWORKING

Build relationships and strategic alliances with other industry partners through attending CINZ events. The network of contacts made through CINZ will be a valuable business tool throughout your professional life.

continually proves to be an integral part of marketing mixes for companies all over New Zealand.

Through a focused, two day appointment programme, MEETINGS offers you the opportunity to expand your reach and connect with professionals who are most likely to bring you business.
